

FRANK'S WOUND MAY NOT PROVE FATAL SAY DOCTOR

Milledgeville, Ga., July 18.—Leo M. Frank lay in the Georgia State prison hospital tonight with what attendants said was a fighting chance for recovery. Physicians had succeeded in stopping the flow of blood from a jagged wound in his throat made with an improvised knife in the hands of William Green, a fellow convict, also serving a life term for murder. The blow was struck as Frank slept in his bunk in a dormitory late last night.

The latest and most spectacular phase of the two-year fight for Frank's life may be the subject of an investigation by the Georgia Prison Commission, the same body that refused to recommend that Frank's sentence for the murder of Mary Phagan be commuted to life imprisonment. Reports from Atlanta were that Governor Harris intimated today he would start such an investigation to ascertain if Green acted entirely of his own volition.

Green Planned Attack.

Green said today, when taken from solitary confinement long enough to be questioned, that he planned the attack alone and that no one knew what he intended to do. "He was not communicative today and gave as his only excuse that 'he thought it should be done,'" he said, however, that he regretted his act.

Frank was quartered at night in a dormitory with about 100 other prisoners and occupied a bunk about forty feet from one of the two doors to the large room. Green's bunk was fourth from his. No prisoner is allowed to leave his place without permission from one of the two guards stationed at the dormitory at night. Shortly after 11:00 o'clock Green called out for permission to get up, and it was granted.

One Blow Delivered.

He started down the line of bunks toward the one occupied by Frank. As he reached it he quickly grabbed Frank by the hair and delivered one blow with the knife he had concealed. The attack was witnessed by the guard who rushed to the bunk and prevented Green from striking again. Green was overpowered and among prisoners who pitied.

MIDDLE WEST SWEEP BY A TERRIFIC STORM

Kansas City, Mo., July 18.—Two hours after the Missouri and Kansas Rivers ceased rising today because of heavy rains last week, a terrific storm swept over Eastern Kansas, Western Missouri and Southern Nebraska, and renewed fears of a disastrous flood. Weather Bureau officials immediately warned residents and business firms in the east and west bottoms of Kansas City that another serious rise in the rivers might be expected.

The rain fell in torrents and the wind blew fifty-four miles an hour, but no serious damage has been reported.

TEACHERS' EXAMINATION

An examination for teachers to qualify for work in this State is being held at the High School building today, under the direction of County Superintendent of Education John M. Odom. It is understood there are a goodly number of applicants.

Tip Top, butternut, rye and graham bread fresh every day at Greene's 10c Store. It

rushed to Frank's aid were two physicians, one of whom also is serving a life term for murder.

The two convict physicians gave first aid and treated the wound until Dr. Guy Compton, the prison physician, was summoned from his home half a mile away. The three men took twenty-five stitches in Frank's neck.

Dr. H. J. Rosenberg, the Frank family physician, arrived tonight from Atlanta with nurses. He said that while his condition is precarious he has a chance for life.

Mrs. Frank was in Milledgeville at the home of J. M. Burns. She was not told of the attack until after the physicians had finished their work. She became hysterical, but later was calmed and was taken to the prison hospital.

The attack was witnessed by the guard who rushed to the bunk and prevented Green from striking again. Green was overpowered and among prisoners who pitied.

AMATEUR TEAM ON ROAD TRIP

OPENING PLANS OF AUDITORIUM

House Orchestra, Led by John J.

Cravy, Will Furnish Music.—

Reception to Public Will

End With Dance on
the Stage.

About one week before the formal opening of the City Hall Auditorium, Manager Fred Thomas announces that a house warming or reception will be given in the theatre to which the public will be invited. No admission will be charged.

The plans for this occasion have not been completed, but the manager announces that the house orchestra, led by John J. Cravy, will furnish music. Some well known Dothan speaker will make an address, outlining the general policy of the house, and after these preliminaries a dance will take place on the stage.

An interesting feature of the occasion will be a review of the stage, lights and curtains, each curtain will be shown, and all the stage lights will be operated so that a good idea of the completeness of the house may be gleaned.

There will be no attractions at the theatre during Fair week, October 25-30.

A great variety of attractions, including popular dramas and comedies have already been booked, but the dates have not been announced. Those booked to date are: A Pair of Sixes, Mutt and Jeff in College, A Fool There Was, Bringing up Father, Prince of Pilsen, When Dreams Come True, Twin Beds, Neil O'Brien's Minstrels, and Peg O' My Heart.

W. S. Wood of Cottonwood and J. A. Garrard of Big Creek are here today.

Joe Singleton, a negro, was arrested yesterday by Warden Grady Granger and Tolbridge May, on a charge of violating the prohibition laws. He is in the county jail.

PRISONERS EAT MELONS

Sheriff John A. May treated the prisoners in the county jail to all the watermelons they could eat Sunday afternoon at 4:30 o'clock.

The inmates of the jail were permitted to come out on the side walk for a bit of fresh air, at which time 16 juicy watermelons were cut and distributed among the men.

A large number of spectators watched the prisoners as they sat on the sidewalk eating melons, and apparently enjoying the experience.

BROWN DOWN TOWN.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of ointine double strength—from any druggist—and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ointine as this is the prescription sold under a guarantee of money back if it fails to remove freckles.

OVER TWO YEARS LATER, Mr. Black said: "I have never had a sign of kidney trouble since Doan's Kidney Pills cured me. I am always glad to recommend them."

VILLA COMMANDER IS DEFEATED BY GENERAL CALLES

BLUE DRESS MISSING; TESTI- MONY DIFFERS

Douglas, Ariz., July 18.—After a six hours battle in Arivaca pass, west of Agua Prieta, General Calles, Carranca's commander in Sonora, was reported today to have decisively defeated Villa troops under General Jose Maria Acosta.

The Carranca forces were said to number 3,000 while Acosta's was reported as half that number.

During the fighting three hundred of Acosta's men deserted to Calles, says the report, who estimated the Villa dead, wounded and captured at 500. Calles did not report his own casualties, although officials in Agua Prieta claimed they were relatively small.

Villa representatives were refused to admit defeat.

INJURED IN AUTO ACCIDENT TODAY

Cecil Gibson, young son of T. B. Gibson, was struck by an automobile driven by Carlos Hedges this morning. The boy suffered a painful laceration on his left arm, one of the smaller arteries being cut, this necessitating several stitches. No bones were broken. Young Gibson is now, however, out of service automobile and was taken to Main street, where he was examined.

The Girls that Run.

Anniston Star.

In the course of his very eloquent address on the occasion of the Oxford home-coming, Chancellor W. W. Whiteside, in a retrospective mood, made a plaintive appeal for the return of the old-fashioned girls and games of yesterday.

"What has become of those old fashioned girls, fleet of foot, light of heart and fancy free, that we used to know? And what has become of the good old game of base?" the Chancellor asked.

"Why, in those good old days of Oxford College," he continued reminiscently, "a smile flickered across his face, "the girls could outrun a rabbit."

The question is pertinent. Can it be true that the girls of today are too dignified to run? And will the boys and girls never again enjoy the excitement of the good old game of base? Must it go to limbo along with the shades of "shinney," "Johnny Brown," "Athy over." Will

Young America never again swing in the old grape vine swing, and let the old cat die? Or must we forever look back on those innocent games of yesterday and sigh for the touch of a vanished hand, for the sound of a voice that is still?"

Golf and tennis are fine for girls, but there will never be another recreation with the health-producing virtues of the good old game of base, in the enjoyment of which the girls outran the boys, their chon or golden tresses flying to the breezes like silken wings to their merry shouts of laughter commingling in a symphony of music that no pianist has ever been able to conjure from ivory keys.

HAPPENINGS IN Ashford, Alabama And Surrounding Territory

Dothan Eagle Bureau—Fellows and Forresters' Store, Main St.

Edited By Geo. W. Collins

Ashford Locals

A local in Saturday's issue of the Eagle was made to read: "Several teachers from this section are taking the examination in Dothan today. Mr. W. E. Pate, H. B. Williams and Mrs. Frank McComie took a car ride out in the country last night, when it should have read according to the copy, Mr. and Mrs. Frank McComie."

We are indeed sorry that this mistake occurred, for nothing could be more untrue than that we would by any word or deed cause the feelings of this young couple to be wounded, and thus we apologize for the above mistake.

The car that brings the daily Eagle each day was late last Saturday, thus causing some inconvenience to our subscribers. These things will happen sometimes but we trust that it will be a seldom occurrence.

If anyone fails to get good service in our system of free delivery of The Eagle, we desire that they report to this office promptly and we will see that all necessary corrections are made.

Rev. Atkinson filled his regular appointment here Saturday and Sunday. Ashford is fortunate indeed in being able to obtain the services of this good man.

Mr. L. A. Rollins left here yesterday for some of the big mercantile centers.

McArthur and McIntyre are safely installed in their new place south of the railroad. It is now the season when livestock will begin to move, and we predict for this new venture a fair success.

State examinations for the licensing of teachers are being held in every county of the state to

WAS MISERABLE, COULDN'T STAND

**Teaching-She Was Restored
to Health by Lydia E.
Pinkham's Vegetable
Compound.**

Lackawanna, N. Y.—After my first child was born I fell very miserable and could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, step elastic, and I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work. —Mrs. A. F. KREMER, 1574 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulence, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Mexico or some other of their type.

This reading will inspire to search for knowledge far beyond the school book. It will bring school in touch with real throbbing humanity. It will become a process with him throughout his life. It broadens the child's conception, strengthens his judgment, gives him confidence in himself and makes him an independent thinker, and therefore able to express his thoughts more intelligently.

It becomes the fountain out of which flows the highest ideals of life and leads him on to the noblest endeavor for humanity.

The library must indeed be looked upon as a part of any school worthy of the support of thinking people and loving parents, for when we look at our children and think of their possible future career, we are made to tremble.

When we look back at our childhood and our school days, we sigh on account of the narrowness of our acquisition of knowledge of the common things around us, and should we be called upon to say why we do not know more of this or that subject we would readily say we have not read anything on it.

You say, "Well, we cannot buy so much all at once."

No, indeed you cannot, but dear reader you have some good book that is safe for a child to read, and this particular book has not been out of your shelf for months. You can donate it to a school library and some of you will think of some book you have read in the past that has not lost its sweetmell. Will you not at some time realize that some dear child is now passing thru the same narrowness of mind that

let to yours at the time you read it?

Possibly you have disposed of the book, but would you not give fifty times the price of the book to know that your child would read it and thereby be impressed along a certain line just as you were.

Take the little books, "The Influence of a Single Life," or "In His Footsteps," or "Every Man a King," would you not like to know how many feet have been safely directed over some treacherous point in life by the reading of either of them?

There are many good books packed away, not serving the will of the writer, so look yours over and see if you have some that the young people of Ashford and community should read. If so get it out and donate it to the cause of humanity.

My friends, if we believe that the ultimate purpose of God was, when He gave us life, to accumulate material wealth this will not appeal to you, but if we believe in the privilege of living; the joy of serving, and the divine blessedness of trusting, when we have done our best; if we believe in doing well the duties of today, the harvest of the past, and the seedlings of the future; if we believe that the power to convert material gain and intelligence into an endowment for spiritual buildup exists within us, and that this is the ultimate test of humanity; if we believe in men and women, and that it is their mission to convert the world, thru the agencies of institutions to relieve the hunger of the body without starving the soul; that alleviates pain without dulling the senses of the spirit; that promotes material and intellectual achievement without robbing the soul of its nobler ideals. If we believe in education as a divine agency on earth, in childhood as the hope of mankind. Now if this is our belief then, you will ally to this and all other efforts of your teacher for the betterment of our children socially, morally, intellectually and spiritually.

We believe in Faith and Hope as the noblest sense of the soul.
